

Pre-congress courses

Pre-course 1

08:30 -15:30	Catheter Insertion Training Course
8:30-8:40	Welcome and Introduction Brett Cullis and Abdallah Al-Hweish
8:40-09:00	PD Access principles: Surgical and percutaneous options Abdallah Al-Hweish
09:00-09:20	PD Catheter complication management Richard Corbett
09:20-09:40	Access for PD in AKI including improvisation Brett Cullis and Nicola Wearne
09:40-10:00	Access for PD in Paediatrics Guillermo Hidalgo
10:00-10:30	Questions

Pre-course 2

08:30 -15:30	Inaugural Nursing Didactic and HandsOn Course
8:30-8:40	Welcome and Introduction Josephine Chow
08:40- 09:10	How to Start and Manage a PD Program Sally Punzalan
09:10-09:40	Tailoring the Best PD Care for your Patient: Basic Principles Joanna Neumann
09:40 - 10:10	Evidence-Based Train the Trainer and Train the Patient Helen Hurst
10:10 - 10:30	Round Table Q & A Hanadi Mezher, Paul Bennett, Fresenius Medical Care nurses

Pre-course 3

08:30 -15:30	Fundamentals of PD Course
8:30-8:40	Welcome and Introduction Ali Abu-Alfa and Rajnish Mehrotra
08:40-09:00	Facilitating selection of PD as treatment modality Magdalena Madero
09:00-09:20	Physiologic Basis of Peritoneal Dialysis Ali Abu-Alfa
09:20-09:40	The first few weeks on Peritoneal Dialysis Rümeysa Kazancioglu
09:40-10:00	Prescribing CAPD and APD Lily Mushahar
10:00-10:30	Questions

10:30 – 11:00

 Coffee Break and Outreach

11:00-12:00	Demonstration of PD catheter insertion at the bedside Brett Cullis
12:00-13:00	Demonstration of catheter salvage procedure Elaine Bowes

11:00-11:30	Infectious and Non-infectious Complications Ana Figueirido
11:30-12:00	Catheter Exit Site Care Joanna Neumann
12:00-12:30	Case Discussion: Meet the Experts Ana Figueiredo, Joanna Neumann
12:30-13:00	Round Table Q & A Hanadi Mezher, Paul Bennett, Fresenius Medical Care nurses

11:00-11:25	Case-base Interaction: Adjusting the PD Prescription Isaac Teitelbaum
11:25-11:50	Fluid Management in PD Jenny Shen
11:50-12:15	Prevention of PD-related Infection Talerngsak Kanjanabuch
12:15-12:40	Management of PD-related infections CC Szeto
12:40-13:00	Questions

Pre-congress courses

13:00-14:00  *Lunch Break*

Pre-course 1		Pre-course 2		Pre-course 3	
08:30 -15:30	Catheter Insertion Training Course	08:30 -15:30	Nursing Training Course	08:30 -15:30	Fundamentals of PD Course
14:00-15:15	Practical PD catheter insertion Abdallah Al-Hweish, Elaine Bowes, Richard Corbett, Bak Leong Goh, Guillermo Hidalgo, Nicola Wearne	14:00-14:30	Hand Hygiene	14:00-14:25	Case-based Interaction: Guideline-based Infection Management in PD Jernej Pajek
15:15-15:30	Paediatric insertion of Cook catheter Mignon McCulloch	14:30-15:00	PD Catheter Exit Site Care and Dressing		
		15:00-15:30	Line Change and Line Contamination		
		15:30-15:50	Collecting Sample and Adding IP Antibiotics		
15:30-16:00	Insertion Testing Station Brett Cullis	15:50-16:00	Closing Josephine Chow		
				14:50-15:15	PD catheter: What a nephrologist should know? Matthew Oliver
				15:15-15:40	Interactive case discussions Ali Abu-Alfa and Rajnish Mehrotra
				15:40-16:00	Questions

16:00-16:30  *Coffee Break and Outreach*

16:30-20:30	Opening Ceremony, Awards and Maher Lecture
16:30 - 16:45	Welcome Congress President and ISPD President Address
16:45 - 17:00	<u>Presentation of ISPD Awards:</u> Bergstrom - TBA Maher – Prof. Annie-Claire Nadeau Fredette Oreopoulos – Prof. Ana Elizabeth Prado Lima Figueiredo
17:00 - 17:30	Maher Lecture Annie-Claire Nadeau Fredette
17:30 - 18:00	Plenary lecture: 50 Years in PD: Challenges and Successes Edwina Brown
18:00-18:15	Concluding remarks
18:15-18:30	Cultural Interlude
18:30-20:30	Welcome Reception + ISPD-40th anniversary

End of Day 1

STREAM 1

STREAM 2

STREAM 3

08:30-09:15 Plenary Karl Nolph Lecture: Role of PD for AKI around the World Mignon McCulloch

09:15-10:45	Life Participation in PD A 1	09:15-10:45	Biology of the Peritoneal Membrane A 2	09:15-10:45	Innovations in PD A 3
09:15-09:45	Fitting Prescription to the patient Richard Corbett	09:15-09:45	Genetics and membrane function Rajnish Mehrotra	09:15-09:45	Early detection of peritonitis Cheuk Chun Szeto
09:45-10:00	Oral Abstract Presentation	09:45-10:00	Oral Abstract Presentation	09:45-10:15	In-home dialysate production/regeneration Simon Davies
10:00-10:30	Physical activity and exercise in PD-ISP Position Statement Paul Bennett	10:00-10:30	Therapeutic advances for preservation /longevity of the peritoneal membrane Andreas Vychytil	10:00-10:45	Telehome monitoring in PD (CONNECT trial) Arsh Jain
10:30-10:45	Oral Abstract Presentation	10:30-10:45	Oral Abstract Presentation		

10:45-11:05 Scientific Lecture 1 10:45-11:05 Scientific Lecture 2 10:45-11:05 Scientific Lecture 3

11:05-11:15  Coffee Break and Outreach

11:15-12:15	APSN Session A 4	11:15-12:15	DEBATE: PD Should be First Line Therapy for AKI A 5	11:15-12:15	ISN Session A 6
11:15-11:35	Pre-dialysis multidisciplinary care and transition to PD Sydney Tang	11:15-11:35	PRO Position Brett Cullis	11:15-11:35	Global epidemiology – where is PD? David Johnson
11:35-11:55	The HOME Network initiatives Josephine Chow	11:35-11:55	CON Position Annie-Claire Nadeau-Fredette	11:35-11:55	Understanding Regional Home dialysis Utilization: From Policies to Purse-strings Vivekanand Jha
11:55-12:15	Management of poorly functioning PD catheter Bak Leong Goh	11:55-12:15	Rebuttals	11:55-12:15	Facilitating Home Dialysis Utilization: The Role of the PD Facility Lily Mushahar

12:15-13:00 Scientific Meeting A

13:00-14:30 Friday Prayer  Lunch Break

STREAM 1

STREAM 2

STREAM 3

14:30-16:00	PD Modalities A 7	14:30-16:00	PDI Session A 8	14:30-16:00	Prolonging Time on PD Therapy A 9
14:30-15:00	Basis for Incremental PD Prescription Jenny Shen	14:30-15:00	High Impact PD Studies: two years in review and NON-PDI Jeffrey Perl	14:30-15:00	Nomenclature and Standardized definitions of Time on PD therapy Rob Quinn
15:00-15:15	Oral Abstract Presentation	15:00-15:15	Oral Abstract Presentation	15:00-15:30	International Trends and Determinants of Time on Therapy Mark Lambie
15:15-15:45	APD use in limited-resource settings Ahad Qayyum	15:15-15:45	The Best of PDI from bench to bedside Yeoungjee Cho	15:30-16:00	Approches to Maximize Time on Therapy Anjali Saxena
15:45-16:00	Oral Abstract Presentation	15:45-16:00	Oral Abstract Presentation		
16:00-16:20	Scientific Lecture 4	16:00-16:20	Scientific Lecture 5	16:00-16:20	Scientific Lecture 6

16:20-16:30  *Coffee Break and Outreach*

16:30-18:00	The Heart in PD A 10	16:30-18:00	Non-infectious Issues in PD A 11	16:30-18:00	Peritonitis A 12
16:30-17:00	Current and emerging approaches to volume assessment Siddiq Anwar	16:30-17:00	Management of hernias and leaks in PD Rümeysa Kazancioglu	16:30-17:00	Variability in Peritonitis rates: PDOPPS Muthana Al-Sahlawi
17:00-17:15	Oral Abstract Presentation	17:00-17:15	Oral Abstract Presentation	17:00-17:30	Catheter-related infections Prevention and Treatment: Update Sunita Bavanandan
17:15-17:45	Evidence-based metabolic management Angela Wang	17:15-17:45	Pathogenesis and Management of EPS: Recent Advances Ito Yasuhiko	17:30-18:00	Translating evidence into practice: challenges and opportunities Helen Hurst
17:45-18:00	Oral Abstract Presentation	17:45-18:00	Oral Abstract Presentation		

End of Day 2

STREAM 1

STREAM 2

STREAM 3

08:30-09:15

Plenary Lecture: Empowering PD Nurses to Maximize PD Success

Ana Elizabeth Figueiredo

09:15-10:45	Obesity and PD B1	09:15-10:45	KDIGO Session B2	09:15-10:45	PD Across the Lifespan B3
09:15-09:45	Managing PD in an obese patient Thyago Moraes	09:15-09:45	Incorporating Symptom and QOL assessment in routine PD care Rajnish Mehrotra	09:15-09:45	PD in neonates Hui-Kim Yap
09:45-10:00	Oral Abstract Presentation	09:45-10:00	Oral Abstract Presentation	09:45-10:15	PD in adolescents and transition of care Guillermo Hidalgo
10:00-10:30	Managing obesity in a PD patient Nikhil Shah	10:00-10:30	Managing common symptoms in dialysis patients Magdalena Madero	10:15-10:45	PD in the elderly Edwina Brown
10:30-10:45	Oral Abstract Presentation	10:30-10:45	Oral Abstract Presentation		

10:45-11:05	Scientific Lecture 7	10:45-11:05	Scientific Lecture 8	10:45-11:05	Scientific Lecture 9
-------------	----------------------	-------------	----------------------	-------------	----------------------

11:05-11:15  Coffee Break and Outreach

11:15-12:15	IPNA Session B4	11:15-12:15	AFRAN Session B5	11:15-12:15	Debate: PET is Necessary for Effective PD Prescribing B6
11:15-11:35	Improving pediatric PD globally Mignon McCulloch	11:15-11:35	Barriers to PD implementation in Limited Resource Settings Rasha Darwish	11:15-11:35	PRO Position Simon Davies
11:35-11:55	PD in children in low resource countries: Challenges and obstacles Pauline Abou-Jaoudeh	11:35-11:55	Establishing PD use in Limited Resource Settings: Senegal Experience Abdou Niang	11:35-11:55	CON Position Joanne Bargman
11:55-12:15	ISPD peritonitis 2024 guidelines in children: What is new? Franz Schaefer	11:55-12:15	Diagnosing and managing peritonitis under limited resources Nicola Wearne	11:55-12:15	Rebuttals

12:15-13:00 Scientific Meeting B

13:00-14:30  Lunch Break

STREAM 1		STREAM 2		STREAM 3	
14:30 -16:00	Interventions to Increase PD Use B7	14:30 -16:00	Management of Uremia with PD B8	14:30 -16:00	Public Policy Forum 1: Advancing PD Utilization Worldwide B9
14:30-15:00	Urgent start PD Talerngsak Kanjanabuch	14:30-15:00	Spectrum of Uremic Toxins Matthew Rivara	14:30-14:50	International Home Dialysis Consortium Vivekanand Jha
15:00-15:15	Oral Abstract Presentation			14:50-15:10	Recommendations from EURO-PD Simon Davies
15:15-15:45	Assisted PD Thierry Lobedez	15:00-15:30	ERA Lecture: Peritoneal versus Kidney Removal of Uremic Toxins Pieter Evenepoel	15:10-15:25	Growing PD in the Middle East: Challenges Ayman Al-Madani
15:45-16:00	Oral Abstract Presentation	15:30-16:00	PD and Mineral Metabolism Abnormalities Ali Abu-Alfa	15:25-15:40	Growing PD in the Middle East: Opportunities and Solutions Issa Al-Salmi
15:40-16:00				15:40-16:00	PD in Iran: Lessons learned Iraj Najafi
16:00-16:20	Scientific Meeting 10	16:00-16:20	Scientific Meeting 11	16:00-16:20	Scientific Meeting 12
16:20-16:30  <i>Coffee Break and Outreach</i>					
16:30-18:00	Diabetes and PD B10	16:30-18:00	Catheters B11	16:30-18:00	Public Policy Forum 2: Special Themes in PD B12
16:30-17:00	Monitoring and Interpreting Glycemia in PD Matthew Rivara	16:30-17:00	Role of PD program in the peri-operative catheter management Sally Punzulan	16:30-16:50	PD in Humanitarian Settings: Preparedness of PD Patients and Programs Peter Rutherford
17:00-17:15	Oral Abstract Presentation			17:00-17:30	Surgical technique and catheter outcomes Martin Wilkie
17:15-17:45	Extending novel therapeutics to PD Steven Holt	17:30-18:00	Abdominal procedures/adhesions and catheter outcomes Matthew Oliver	17:10-17:30	TBA
17:45-18:00	Oral Abstract Presentation			17:30-18:00	Panel Discussion

End of Day 3

STREAM 1

STREAM 2

STREAM 3

08:30-09:15

Plenary Lecture 4 (TBA)

09:15-10:45	Advances in Peritoneal Biology C1	09:15-10:45	PD Solutions Today C2	09:15-10:45	Nutritional Management in PD C3
09:15-09:45	Navigating PD in Cancer Patients: Tailored Approaches for Unique Needs Iman Al-Shamsi	09:15-09:45	Lessons from 2 decades of Icodextrin use Adrian Liew	09:15-09:45	Dietary Prescription for patients on PD Jie Dong
09:45-10:00	Oral Abstract Presentation	09:45-10:00	Oral Abstract Presentation	09:45-10:15	Optimizing Sodium balance in patients on PD Jernej Pajek
10:00-10:30	New insights into aquaporin biology for PD Johann Morelle	10:00-10:30	Alternative PD solutions: Current contenders and future prospects Isaac Teitelbaum	10:15-10:45	Nutritional Interventions for Protein Energy Wasting Scott Liebman
10:30-10:45	Oral Abstract Presentation	10:30-10:45	Oral Abstract Presentation		

10:45-11:05	Scientific Lecture 13	10:45-11:05	Scientific Lecture 14	10:45-11:05	Scientific Lecture 15
-------------	------------------------------	-------------	------------------------------	-------------	------------------------------

11:05-11:15 Coffee Break and Outreach

11:15-12:15	Debate: Glucose in PD: Friend or Foe C4	11:15-12:15	Supporting the Patient on PD C5	11:15-12:15	Training the Patient for PD C6
11:15-11:35	Glucose is a friend in PD Angela Wang	11:15-11:35	Care-giver support: Burnout Mohamed Hassan	11:15-11:35	Best practices in training (TEACH PD trial) Josephine Chow
11:35-11:55	Glucose is a foe in PD Jeffrey Perl	11:35-11:55	Management of Depression and anxiety in PD Frederic Finkelstein	11:35-11:55	When and how to retrain? Piyatida Cheungsaman
11:55-12:15	Steady-concentration Glucose PD Martin Wilkie	11:55-12:15	Innovated solutions to support patient on PD Arsh Jain	11:55-12:15	Role of home visits in PD Elaine Bowes

12:15-12:25 President-Elect address and closing

12:25-12:35 Handover to ISPD2026 Cape Town Team

12:35-12:45 **Concluding Remarks and Adjournment**
